REVIEWS *from our clients...*

★★★★★ *Scott M.*

Jenny is a great person and fantastic with communication. She has updated information on what is best for your loved ones. If you need assisted living help I highly recommend Assisted Living Advisors.

Jason V. ★★★★★

Jenny helped us find an assisted living facility for my mom. She is very knowledgeable in all the local facilities and works hard to find the best fit. I would highly recommend her services, made our job much less stressful.

★★★★★ *Barb H.*

Jenny was an answer to my prayers! She took time to learn about my mother's health issues and needs and quickly assisted me in locating a quality memory care facility. She accompanied me on a tour of the facility and made sure that all of my questions were answered. I will forever be grateful to Jenny for her assistance during a very difficult and emotional time.

Debbie M. ★★★★★

Jenny was extremely helpful in guiding us to appropriate assisted livings based on our loved ones needs, likes, and financial status. She arranged tours to meet the schedules everyone had. And she was at the initial tour and meeting to offer suggestions, to help in clarifying questions, and to provide support as we navigated this process. We highly recommend Jenny's service for anyone looking at Assisted Living.
